# Learning & Exploration at Sweet House Day Care

## Outside

Fresh air, sunshine, and even a little rain are essential for children's growth and well-being. At Sweet House Day Care, we embrace outdoor learning by exploring our neighborhood, engaging in nature walks, and taking exciting field trips. These hands-on experiences help children develop a sense of curiosity, independence, and appreciation for the world around them.

We visit local parks, community gardens, libraries, and other engaging destinations where children can interact with their surroundings in a meaningful way. Field trips to museums, fire stations, and grocery stores add a fun, real-world dimension to their learning.

Every outing is designed to spark creativity, build social skills, and enhance cognitive development, ensuring that the learning continues even beyond our daycare walls.

## Indoor Learning & Play

Our daycare is designed to feel warm, inviting, and developmentally enriching. The indoor learning environment encourages imagination, problem-solving, and hands-on discovery through a variety of engaging activities.

Some of the interactive learning tools we provide include:

- Manipulative toys (puzzles, stacking blocks, sorting games)

- Sensory play (light tables, water and sand stations, beanbags)

- Creative arts (felt boards, dress-up, puppetry, crafts)

- Early STEM activities (carpentry tools, building sets)

Additionally, our daily schedule incorporates:

- Music & Movement – Singing, dancing, and rhythm exercises

- Circle Time – Storytelling, group discussions, and social bonding

- Games & Free Play – Encouraging cooperation and problem-solving
